In The Mood For Japanese?  
Now Open!  
(Genzai Hirajite Iru)

How to Eat Sushi!

When you begin to enjoy your sushi entree, a small dish will be used to pour soy sauce into for dipping. The green paste is known as wasabi (Japanese horseradish), and may be mixed into your soy sauce. Small pink slices of pickled ginger (called gari) are eaten between different types of sushi courses in order to cleanse the palate.

When eating nigiri (hand pressed) sushi or sashimi (small pieces of raw fish), hold the sushi with fingers or chopsticks, dipping (not soaking) the fish into the soy sauce. Avoid dipping the rice into the soy sauce, as rice will absorb the liquid and lose its flavor.

Place the sushi fish side down in your mouth, making sure you taste the fish first, followed by the wasabi and rice. Maki roll sushi should be eaten in one bite. The rice in the roll tends to fall apart if eaten in more than one bite.

Request the special cooked rolls, which include new savory combinations & deep fried selections.

THE RIGHT CHOICE  
FOR YOUR COMMONWEALTH'S ATTORNEY

Others say they can Get Drug Dealers OUT of Our Communities!!  
I HAVE 100% Conviction Rate on ALL Drug Trafficking Cases that went to Trial!! I have Worked Closely with Law Enforcement in Forfeiting Thousands of Dollars in Cash and Property Seized from Drug Dealers. (Used by Local Law Enforcement)

Others say they can Protect Our Citizens!!  
I HAVE Worked Diligently Over the past 6 Years to Ensure the Safety of All of Our Communities.  
I HAVE Prosecuted HUNDREDS of Felony Cases in Our Four Counties.

Others say they can put Child Abusers Behind in Prison!!  
I HAVE Received Extensive Training on Prosecution of Child Abuse and Child Fatalities. The Sentences of the Last Three Child Abuse cases I Have prosecuted have been 30, 30, & 20 years!

Others Say they can Always Protect Victim's Rights!!  
I HAVE and WILL CONTINUE to Protect Victim's Rights.

Being a Lifelong Resident of THIS Judicial Circuit,  
I WILL NOT QUIT on You & CONTINUE to Work Harder!  
I am DEDICATED to Protecting My Family and YOURS!!!

AS YOUR COMMONWEALTH'S ATTORNEY I WILL  
CONTINUE the battle against prescription drugs  
I WILL FIGHT to forfeit cash and property from drug dealers  
I WILL continue to PROTECT our children  
that you can support my candidacy.  
If you have any questions please feel free to call my cell at 606-776-1735.

**FIRST CHURCH OF GOD IS A PLACE TO CONNECT**  
to God | to each other | to our community

**CONNECTING to God**  
We're here to build bridges of faith that extend over chasms of doubt and unbelief, and take that to the highways and byways of life so people can meet and get to know Jesus.  
Our morning worship service features a blended set of traditional and contemporary music, prayer, and preaching from God's Word.  
Sunday's at 10:45 AM  
Wednesday's at 6:30 PM

Our Wednesday programs offer something for everyone - children, youth, and adults.  
Check our church website: [foegmorehead.com](http://foegmorehead.com) for details.

**CONNECTING to each other**  
God created us to be in community, so we encourage personal growth through groups that bridge the gap from individuals to other people. Our primary tool for personal spiritual growth most often happens in small groups - whether that group is a class, a life group or a team serving in ministry - where people become connected with a common purpose.  
Life Groups will begin on Sunday, September 11, 2011  
To learn more, call the Church Office  
606-784-6624

**CONNECTING to serve our community**  
Jesus' message is clear: He wants us to go into the world and make disciples. Started as a ministry of First Church of God, Rowan County Christian Academy offers the highest standards in academic excellence for children beginning at age 3 through 3rd grade, while building strong, lasting Christian character in our students and parents.

The church and school offices are located at  
576 Sunset Lane, Morehead, KY  
Open Monday - Friday 9AM - 4PM for your convenience.

**PROTECT YOUR LOVED ONES FROM THE BURDEN OF YOUR FINAL EXPENSES**

Life can be unpredictable. We can't know what is on the road ahead. But, we can and should plan ahead. We offer an inexpensive plan that can pay off your outstanding medical bills, estate taxes, legal fees and funeral costs.  
Funeral costs are constantly on the rise. With one of our Final Expense insurance plans, you can be covered at today's prices and avoid inflation. You don't have to go through any medical exams and your premiums will never go up.  
Having your final expenses taken care of ahead of time will relieve a large burden from your family.

**FRONT OR BACK? PARTIAL TIRE REPLACEMENT**

People who take their vehicles to the local auto shop to buy tires often opt for buying only two new tires, as financing four tires are out of their budget. Many decide to put the new tires on the front of their vehicle. Rather than making the car more stable, new tires on the front and leaving worn tires on the rear will have just the opposite effect on a wet road surface, and cause you to lose control of the vehicle.  
If a car has little tread on the rear tires and new tread on the front tires, then the car is going to be more prone to the rear end going out of control (fishtailing) on wet surfaces because the rear tires will not be able to gain traction on the slippery road. Once the car goes into a fishtail, then the car will automatically over-steer in an attempt to regain control. However, in these cases it will be very difficult, if not impossible, for the driver to regain control over the fishtailing vehicle. As a result, the driver will be more likely to be in accident, whether from colliding with another car or going off of the road.  
The dangers of incorrect tire placement are well known. The major tire manufacturers have included instructions in their guides for years that instruct tire installers to put the two newest tires on the back of the vehicle rather than the front. Additionally, there have been several studies, investigations and lawsuits that have uncovered the potential harm that may be caused by incorrect tire placement.  
If you cannot afford to replace all of your tires at the same time, remember that you should have the two newest tires placed in the rear, rather than the front. This one small move can help you avoid becoming a victim of a rainy day accident.
