TO WHOM IT MAY CONCERN

I have known Mr. Fabian Vacher since October 2005 when he came to the ESB from our partner university, Reims Management School, France, to complete the second half of his four year degree programme in management.

During this period of time I taught Fabian one module of Business English (Oct 2005 –Jan 2006 – 2 hours per week) and supervised his final year dissertation (Oct 2006-May 2007). Given that my English classes were very interactive, involving both individual and group oral and written exercises and his dissertation supervision was on a one-to-one basis, I have been able to develop a clear picture of Fabian.

Fabian is a pleasant, extremely hard-working, motivated, conscientious and goal-orientated student, who is well liked by his classmates. Throughout the time I have known him, regardless of the task involved, he has always given of his best. His suitability for pursuing postgraduate studies was evident in both his approach to the research for his final year dissertation, the final written version and its oral defence.

Based on my knowledge of Fabian and the content of the MSc in International Management, I would have no hesitation in recommending him to you for a place on the programme.

I remain at your disposition should you require any further information on this candidate.

Yours sincerely,
