

To whom it may concern,

As a President of ESN Strasbourg (Erasmus Student Network) it is with a great pleasure for me to write this letter that hopefully will testify to Mr. Jerome Sicaire's character and his involvement in our organization.

ESN Strasbourg is the local section of IxESN (International Exchange Erasmus Student Network) – one of the biggest interdisciplinary student associations in Europe. We provide opportunities for cultural understanding and self-development under the principle of "Students Helping Students" and we are lucky to be supported by the European Commission. The main goals of ESN Strasbourg are the integration of exchange students in Strasbourg and the promotion of the international mobility programs among local students.

Jerome Sicaire was a volunteer at ESN Strasbourg from January 2012 to Mai 2013 and during his time as a member of our team he contributed to the successful accomplishment of numerous missions that include (but are not limited to): organization of festive, cultural and sport events for international students; arranging of different trips and excursions in France and Germany and participation in official events (such as the Open Doors Days of the University of Strasbourg and the European Parliament). He was also an eager advocate of the *SocialErasmus* program – a project that aims to motivate exchange students to give back to the local community under three main areas of action: education, environment and charity. Under Mr. Sicaire's supervision a couple of effective events were held (during the last one, exchange students were invited to donate the clothes they don't need any more to local charity organizations).

Most recently Jerome took an active participation in the International Section Meeting held in Strasbourg from 7th to 10th of March 2013. More than 80 volunteers of the IxESN network came to Strasbourg and it was up to the highly motivated ESN Strasbourg team members, such as Mr. Sicaire, to ensure the successful development of this ambitious project.

Here at the ESN Strasbourg board we are highly satisfied of his work as a volunteer and we are very grateful for the time and energy he gave us and our projects. He showed us high motivation and eagerness to get involved and we remain thankful for his creativeness and enthusiasm.

Best Regards,

Radina Petrova
Présidente ESN Strasbourg
